Bretislav Mazoch, UX/UI Designer.

I will help you turn ideas into functional & beautiful solutions.
Based on years of experience – 10 years of digital career,
2 years abroad, 50+ finished web projects.

— WORK EXPERIENCE

1 Nov 2015 – Nov 2017

UI Designer at *Bluewire Technologies Ltd, Bristol (United Kingdom)*

Was a member of the project developing a clinical web application (Electronic Patient Record) for NHS hospitals with more than 22K users. Managed and extended UI style guide of the product and improved its usability. Within an agile team, designed several new features desired by the users.

2 Sep 2009 – May 2015

Visual Designer at *Masaryk University, Brno (Czech Rep.)*

Created high-quality educational digital resources, which now help people from the university in teaching and studying. Produced 30 multimedia websites and about 100 pieces of 2D/3D visualisations. Established very good cooperation with more than 50 university tutors.

3 Jul 2007 – Aug 2009

Web Designer & Developer as a *freelancer (Czech Rep.)*

Launched about 20 websites for small business companies and non-profit organizations, which increased their online awareness. Was carrying out the whole production process including clients interviews, conceptual design, visual design, website implementation and the final launch.

EDUCATION

Master's Degree in Informatics, earned in 2014
at *Faculty of Informatics, Masaryk University, Brno (Czech Rep.)*

People who worked with me say...

“ Bretislav is very detail-oriented, skill-full, experienced and reliable Web Designer and Developer. He has always been passionate, team-oriented provided highly professional insights with an outstanding sense to the UX and Design aspects of required front-end web-based solution. A top of that, Bretislav does not hesitate to take an extra mile to get deeply familiar with the topic he is working – I can only recommend Bretislav as a valuable asset to any team.

Ing. Michal Stancik
SAP Project Coordinator in MSD, Prague
Contact: +420 737 645 639

“ In the years from 2009 to 2015, Bretislav worked for us as a technician and he was responsible for the processing of multimedia educational tools for tutors of Masaryk University. Bretislav is an excellent team player, he was able to support colleagues in their ideas and he was able to tell them criticism appropriately and gently. He brought fresh design ideas and new technologies to the team. When needed, he did not hesitate to learn techniques of 3D animation and he excelled in this (for him) new field.

Mgr. Jitka Dankova
Team Coordinator at Masaryk University, Brno
